

Responsible Service of Gaming Policy

Hervey Bay Boat Club Incorporated has developed the Responsible Gambling Policy, in consultation with management, employees and members, to minimise harm associated with problem gambling.

In developing the Policy, Hervey Bay Boat Club Inc. has realistically taken into account:

- Local community concerns on potential harm associated with gambling;
- The role of the Club in providing a responsible gambling environment, including duty of care for members and patrons who may have a problem with gambling; and
- The rights and responsibilities of members and patrons who may have a gambling related problem.

A self-regulatory and voluntary instrument, the Responsible Gambling Policy demonstrates The Hervey Bay Boat Club's commitment to minimising harm associated with gambling on its employees, members and patrons and the local community.
